Ideas

4

Convert restaurant into a food distribution hub to address food insecurity amongst local students and their families while providing income and hours of influence to our interns.

Next Best Steps

5

TODAY: Split staff into committees to divide and conquer (staffing, materials, food ordering, safety protocols, Development & PR)

THIS WEEK: 1) Order food and get everything in line to ensure best results in each of the committee's areas of focus.
2) Start targeted fundraising.

THIS MONTH: Evaluate safety, morale, capacity, timeline, and costs to ensure real-time informed decisions.

Needs

2

Our Organization's Needs:

- Income for interns
- Hours of influence for interns
- Safe stable place for interns to go
- \$ to employ staff
- \$ to cover rent/operational costs
- Safety & health

Our Community's Needs:

- Food (food insecurity is 3x greater than it was prior to COVID-19)
- Jobs/income

Mission

3

To transform young lives by equipping our community's most at-risk youth with life skills, education, and employment opportunities to help them achieve their full potential.

Cannot compromise on:

- Providing our interns with employment and support
- Maximizing hours of influence

Can compromise on:

- Restaurant skills/experience (during these times when restaurants cannot operate)
